MONTREAL, May 11.—Editor O'Brien, of

Colled Ireland, was met on the train at St.

Johns, Quebec, about thirty miles from Mon-
treal, by a delegation headed by H. J. Cioran,

representative of the national league of Montreal.

An immense crowd was present on the arrival

of the train in this city and cheered lustily as

Mr. O'Brien stepped on the platform. Mr.

Lansdowne then stepped forward and read an ad-

dress of welcome. Mr. O'Brien replied as fol-

lows:

Even at this distance, I recognize a good many

lovely Irish faces around me. I am most deeply

and sincerely grateful to you for these words of

sympathy and good will with which you have

greeted my arrival in this, the principal city of the

nation. I am at loss for words to express to you

my gratitude for the warmth with which our fellow

countrymen are rallying here, and my friend-

justice against their exalted and powerful

opponents (Grosvenor).

There are only three prisoners in Terrell

There are sixty-five pupils now attending

Three prisoners, one of them a murderer,
have escaped from Calhoun county jail.

One Darien firm is anxious to buy 15,000,000

RUIN TO THE BIRDS.

"Last February was unusually warm, and
the bobolinks started north earlier than usual.
They were kept back a little by the cold snap
of a month ago, and got here just in time to
catch the young rice."

"The rivers are very low from want of rain,
and I understand that the water is getting
brackish in a great many of them. Unless we
have had a heavy rain, the water will be
very little, especially in the short rivers where
the spring tides go up the streams. We must
have fresh water for the flows. The back
waters on inland places are dried up and I see
very little prospect, if any, for a crop on those
places unless we have heavy rains this month.
It will take a rain every day for three or four
weeks to fill up the ditches so as to give the
flow wanted."

"Labor is plentiful," said the gentleman,
"but we are being employed, for we are
trying to make cheap crops and so pinch every-
where to make ends meet. I think prices will
rise higher next season. Even now the market
is looking up."

LITTLE RICE ON HAND.

"There is but little rice on hand and there is
a good demand for all grades. Last year's crop
was very fair, a full acreage being planted and
the yield being good. Prices, however, have
ruled very low, some rice having sold below
the cost of production. The bulk of the crop
having been marketed, more rice has been
used because it was cheap. The back waters
on hand are not great, so we have had to
make up the difference by buying rice from
other states."

Canterbury superior court adjourned Wednes-
day night last. One of the principal cases
tried was that of Hon. Anthony Wilson, rep-
resentative from the State of Georgia, late
lately. He was charged with carrying concealed
weapons. His honor gave him a plain
order of \$50 by the way of gentle reminder.

Some one threatened Dr. E. G. Goss, near
Hollisworth postoffice, in Banks county, pretty
heavy the other night. They laid a
bunch of hickory withers and a coffin at his
door, and left a note saying if he wanted to
live and do well it would be well for him to
hence and not stand on the order of his going.
He is charged with informing on illicit
drillers.

Rev. A. A. Marshall, who has ably and faithfully
served the Baptist church of Gainesville, as
pastor for the past seven years, has resigned
the position, much to the regret of his congre-
gation and our citizens generally. He was in-

intention long entertained of making an
extensive tour through Europe and the east,
and especially of visiting Egypt and the Holy
Land.

THE BORDER CASE.

SOUTH CAROLINA'S APPEAL FOR BLACKWOOD.

The Demand Made Before Judge Honey for the Discharge of the Forger Who Was Brought to Time by Stone and McNally—The Argument Opens—The Speeches, etc.

ATLANTA, Ga., May 11.—[Special.]—The motion to discharge, on a writ of habeas corpus, in the case of F. A. Blackwood, was postponed until this afternoon, on account of the absence of Solicitor-General Wright. Judge Honey appointed 3 o'clock as the time for the hearing, and at that hour the case came up.

Mr. Wright stated that he had been officially engaged since April on the writ of habeas corpus, and had not had time to thoroughly familiarize himself with the case, but with the assistance of Mr. Dutcher, he would pronounce himself ready.

Attorney General Earle of South Carolina then read the application for the writ of habeas corpus, notice of which has been published in this correspondence, alleging the kidnapping of Blackwood. Mr. Earle then read a position that South Carolina be made a party in the application for the release of Blackwood.

Solicitor Wright, read Waller Clinton's answer to the petition.

THE WIFE'S STORY.

Mr. Earle then submitted an affidavit from Mrs. Stone, H. Blackwood, the wife of F. A. Blackwood. The affidavit was in substance that Stone and McNally went to her house on the night of the 9th of March and asked for a glass of water. When it was handed them by her husband, he was seized violently by the hands by Mr. Hyams, while Stone pointed a pistol at him and demanded his money. When asked for what he was arrested, he refused to produce any authority and simply stated that they were the authority themselves; that both men acted in a rude, boisterous and threatening manner. After arresting them they searched the house, and, besides taking \$50 in pistol, took one silver watch, one razor, one pistol and one set of knives and forks, none of which articles have been returned. Before they left the house Blackwood told them that he had been released by his wife and alone, when they found him.

It was then submitted that before his husband was taken away by the persons above named as their prisoners, who was in irons, said F. A. Blackwood remonstrated with them, and remarked to them that if they had given him their authority when they first arrested him, he might have not placed him in handcuffs, he might have surely gone with them.

The affidavit was read, the substance of which has been published, after the correspondence between Governor Richardson and Governor Gordon was read. This substance was as follows:

Governor Richardson, after setting out the date, requests of Governor Gordon the release of Blackwood, and if he could not do that to refer the matter to the courts.

Governor Gordon's reply is that he can not release Blackwood, as he is in the custody of the state, and that he is not responsible for the legality of the laws; that he can't refer it to the courts because of no precedent or legal method of reference, and that the offense being committed by an individual without the authority or knowledge of the state, the state is not responsible for the kidnapper's conduct, and could not intervene in the matter except to honor any requisition of the state.

MR. DUTCHER, then said in explanation of the correspondence:

"Allow me to state that the request was made to the governor of Georgia, not because he could release Blackwood, but as a matter of courtesy. Secondly, we considered that although the governor of Georgia could not order the release, he could refer it to the courts."

Mr. Earle was then about to read Blackwood's affidavit, when Mr. Wright objected and suggested that Blackwood, who was present, be read out of the room.

Blackwood spoke.

Mr. Earle accepted the suggestion, and Blackwood was called to the stand, and said that he had been living in Aiken county since last August. On the 9th of March Stone and McNally came to his house and asked for water, and when he gave it to them, Stone leveled a pistol at his head and handcuffed him, took him in the house, searched it and then served another warrant on the sheriff, and served a warrant, and on coming from jail, and served a warrant, and on coming from jail today, a few minutes after three, he served another warrant on me, a bench warrant. Then said I told them I did not want to come, but if they had authority to bring me I should have to come. From the Athens, Ga., Banner-Watchman.

BLACKWOOD SPEAKS.

Mr. Earle accepted the suggestion, and Blackwood was called to the stand, and said that he had been living in Aiken county since last August. On the 9th of March Stone and McNally came to his house and asked for water, and when he gave it to them, Stone leveled a pistol at his head and handcuffed him, took him in the house, searched it and then served another warrant on the sheriff, and served a warrant, and on coming from jail, and served a warrant, and on coming from jail today, a few minutes after three, he served another warrant on me, a bench warrant. Then said I told them I did not want to come, but if they had authority to bring me I should have to come.

MISS RUTHLESS, a little entertainment at the expense of the negro, which was given me from the city were invited. As they descended from the street cars, Police Captain started for the party under the impression that they were the riotous students. The town's marshal had just finished working his streets, but now he will have to work them again, if he can get out.

The oldest settlers have never seen but one hail storm to equal this one.

LIEUTENANT COWLES appears to be the champion of the United States navy, and that is saying a great deal.

STILSON HUTCHINS has been to Paris to arrange for the introduction of his type-setting machine. Mr. Keeley and his motor will go abroad this summer.

BLIND TOM is again in the courts. His mother is suing his manager, whom she accuses of defrauding her half-witted prodigy. Tom seems to feel little interest in the result of the trial.

THE buccaneers of New York know a soft thing when they see it. They scooped a newly appointed United States consul for \$100 the other day, and would have gotten more if he had had it.

IN spite of state and interstate commissions it is estimated that between \$500,000,000 and \$600,000,000 will be expended in railroad construction in the United States during the current year.

Nobody will be asked to contribute to the Arthur monument. All subscriptions must be spontaneous. The gentlemen who are at the head of the movement are confident that the \$30,000 needed will be readily contributed.

FROM Washington comes the sad intelligence that Judge W. B. Woods is very low. He returned from California some weeks ago and has been confined to his bed ever since. He is not even able to see his colleagues of the supreme court. His friends have little hope of his recovery.

INOCULATION for the prevention of yellow fever is being practiced with great success in South America. In Rio Janeiro during the last two years 6,524 persons were inoculated. During the same period there were 1,675 deaths in Rio from the disease, but only eight of those who had been inoculated died.

THESE has been a rapid advance in the price of coffee, owing to a failure of the ripening crop. The yield of Rio and Santos, which was expected to be 6,500,000 bags, will reach only about 5,000,000. A long Brazilian drought caused the falling off. The crop in Java will cut off one-third by a leaf disease. It is too bad that coffee should become scarce just on the eve of a phenomenal great sugar yield.

Some Washington correspondents accuse Secretary Whitney of neglecting the duties of his office in order to be a leader in society in Washington. This causes the Chicago Herald to remark:

At this distance from Washington an observer is likely to conclude that, if by neglecting their duties the other members of the cabinet can accomplish as much for the navy, they should all plunge into the giddy whirl of fashion up to their ears.

Nor to be at odds with the rest of the country, the New York railroad companies are now petitioning the interstate commission for a suspension of the long and short-haul clause in their favor. Down to the present date the very respectable number of forty-four railroads have filed similar petitions, and in many of these cases the desired suspension has been temporarily granted. The petitions hail from the south, the Pacific coast, the territories, the states in the northwest and the New England states—in fact, from all parts of the country, including, now, New York.

The death of the venerable Dr. J. E. McFerrin, which occurred in Nashville last Tuesday morning, removes one of the heroic figures of the Southern Methodist church. He gave the best efforts of a long life and the noblest exercise of his remarkable faculties to the service of God and man. His church never had a more faithful apostle. During the war Dr. McFerrin endeared himself to the soldiers of the confederacy by his constant and courageous service as a chaplain. He was for months in and about Atlanta when this city was the center of great military movements. An old hero of large brain and big, tender heart has at last laid down his well-used arms and gone to his rest and his reward.

The Gettysburg Memorial association has refused to allow a confederate monument to be erected on the spot where Pickett's men penetrated the union lines. This decision has put an end to the preparations for a reunion of the survivors of Pickett's division at Gettysburg on July 3d. If any monument is to be erected to perpetuate the gallantry of the men who made that famous charge, it should be placed on the scene of their heroic valor, where they went time after time unscathed into the "hell of death" while "all

the world wondered." The men who stood before Pickett's charge would not refuse the privilege asked by its few survivors. The Gettysburg Memorial association is made of meanest stuff. It is probably composed of scoundrels and politicians who had substitutes.

TAX ASSESSMENTS IN WEST END.

We print elsewhere a communication from the tax-assessors of West End, which throws a good deal of light on a subject which has been interesting the tax-payers of that community recently. The assessors appear to misapprehend the intention of THE CONSTITUTION's editorial, and to assume a responsibility for affairs in West End that can be said to be well founded. They admit that, because one citizen has a home for which he has refused \$6,000, and another has property, a part of which he has sold at the rate of \$1,250 for fifty front feet, they have been constrained to double the assessment of an unfortunate citizen who happens to live between the two.

Now, the assessors admit that the \$5,000 rate was too high, but since the owner of the home admitted that he had refused \$6,000, the unjust assessment was retained and the property of the unfortunate citizen next door made to conform to it. This is a system of "equalization" that out-equals all former equalizations; but it has nothing to do with the point which THE CONSTITUTION has made—namely, that a residence community makes a bid for ruin when it assesses the homes of citizens at their full market value.

Property in West End has increased in value, but it has made no such increase as the tax assessors have been pleased to place on it. If we understand their communication aright, they have assessed at least one home in West End not only "by the acre," but "by the front foot," and if their assessments have been equal as they claim, all home property in West End has been measured and the property of the unfortunate citizen next door made to conform to it. This is a system of "equalization" that out-equals all former equalizations; but it has nothing to do with the point which THE CONSTITUTION has made—namely, that a residence community makes a bid for ruin when it assesses the homes of citizens at their full market value.

THE CONSTITUTION.

EVENTS FOR TODAY.

AMUSEMENTS—
OPERA HOUSE—THE DIXIES, AT MATINEE AND TONIGHT.
MEETINGS—
ATLANTA LODGE NO. 59, F. & A. M., AT 8 P.M.

THROUGH THE CITY.

Paraphrases Caught on the Run by the Constitution Reporters.

BACK AT HIS DESK.—Captain W. A. Wright, captain general, returned yesterday from Grovetown, where he has been spending a short vacation.

DEAD LAST NIGHT.—Mrs. Kate A. Scott died last night at half past eight o'clock, at the residence of her daughter, Mrs. Samuel Bradley, No. 20 Highland avenue.

A PLEASANT LITTLE PICNIC.—Miss Mary Whales gave the pupils of her school a very pleasant little picnic at Grant park yesterday, the little folks enjoyed the day exceedingly.

HAS THE MONEY.—Mollie Reynolds, a colored woman, yesterday received five hundred and forty-five dollars, which was willed her by her old mistress, Mrs. W. M. Freeman, of Monroe county, N. C.

ANNUAL REPORTS.—Blanks for annual reports are being sent out from the adjutant general's office to the various military organizations of the state. Every company is compelled to make a report of its condition on the first day of May.

COLONEL TOWERS STILL SICK.—A letter received from a member of the family of Principal Keeper of the Penitentiary Towers states that Colonel Towers is still very sick, and probably cannot leave his home for some days. Mr. W. A. Turner, penitentiary guard, had charge of the office yesterday.

THEM RELEASED.—C. Milligan, the white man who was arrested day before yesterday, charged with robbing a man named Cook, was released yesterday because Cook failed to appear in court to prosecute the case. John Alexander, who was charged with stealing money from Mr. Corrigan's safe, on Whitehall street, was also released.

THE RATE COMMITTEE.—The rate committee of the southern railroads will hold its regular meeting in the office of Commissioner Slaughter on the 17th of this month. Tonight the regular meeting of the rate clerks will be held in Mr. Slaughter's office. The fixing of summer excursion rates is the principal work which will come before the rate-makers.

THE OLD FURNITURE FACTORY SOLD.—Samuel W. Goode, the real estate agent, yesterday sold the old furniture factory, corner East Harris and Butler streets, to theophilus, owner of a factory building and the lot brought \$1,725, the purchaser being W. E. Carless. J. C. Frazer and Albert Thomas bought the interests, which sold at the rate of \$1,000 per acre.

TILLMAN'S TENT.—Evangelist Tillman is prospecting his evangelistic work with great success and with marked success. His canvas tabernacle, which is now stretching near the shores of the East Tennessee, Virginia and Georgia railroad, is crowded every night with earnest worshippers. Tonight the Edgefield revivalist will not preach. His place will be taken by Sam Jones.

ROBBING THE MAILED.—Information has been received at the office of the postoffice inspector of the arrest of Martin Stewar, mail carrier on the route between Jonesboro and Blairard, Tenn. Stewar is charged with robbing the mails and rifling registered letters, and upon being taken before the commissioner at Jonesboro pleaded guilty to the charge and was sent to jail. Inspector Moore made the arrest.

ANOTHER LIQUOR CASE.—Andrew Nolly, a barkeeper at 52 Decatur street, was arrested yesterday afternoon by Detectives Aldridge and Reeves and given a cell in the city prison, where he remained until late in the evening, when he was released upon a two hundred dollar bond. Nolly is charged with violating the prohibition law. He keeps a barber shop, and the arresting officers will attempt to prove that he has been selling liquor by the drink in the shop.

A HAPPY SETTLEMENT.—A few days ago a woman named Sarah Wood instituted bastard proceedings in Justice Tanner's court against Ed Brewer, charging him with being the father of her two children. The case was called for yesterday and Brewer failed to appear. The amiable husband by marrying the woman. Judge Tanner, assuming his regulation ministerial act, promptly performed the ceremony, and Mr. and Mrs. Brewer went on their way rejoicing.

BARNES BOUND OVER.—Reverend W. B. Barnes, the negro Baptist-leader, was before Justice Unit, yesterday, to answer to a charge of perjury preferred by Judge Landrum. Barnes, it will be remembered, secured the release of a negro named Solomon Turner upon a bond signed by himself, he making affidavit that he returned for taxation property to the value of \$1,500. It was shown, by reference to the tax returns, that this was not true. Barnes made a long statement in his own defense but did not attempt to prove the truth of his words. He was bound over to answer to a charge of perjury and in default of \$200 bail was committed to the county jail.

MYSTERIOUS DISAPPEARANCE.—Mr. J. A. Blackstock has mysteriously left Atlanta, and his family and friends are deeply distressed about his strange and sudden disappearance. He leaves a wife and four children, who are almost inconsolable. For some time Blackstock was a inmate of the public asylum in Columbus, S. C. For a time he was a patient, but was released from that institution, apparently a completely cured man. Since then he has behaved like a sane man. He has been working as a stone mason for Mike Maher. Last Saturday afternoon, at 6 o'clock, he suddenly disappeared, since which time he has not been seen. His friends have vainly sought to ascertain his whereabouts. He has a brother, Mr. John Blackstock, who lives on Smith street. Blackstock is about forty-seven years old, is over six feet tall, wears chin whiskers and a gray mustache. When he was away he wore a pair of jeans pantaloons and a black hat.

TRINITY CHURCH EXTENSION.

Action of the Board of Trustees Last Evening. The Improvements to be Made.

The board of trustees of Trinity church met last night and authorized the building committee to go forward with the improvements.

The plan adopted contemplates moving the church back twenty-five feet, with a niche of 725 feet in the rear of the porch for the organ, and nine feet transcept on each side.

The transept come out on a line with the main towers. There is to be in each a large fine window. The church is to be heated by steam and recarpeted, and the cushions to be recovered. The interior walls will be frescoed in the best style of the art. The Sunday school room will be perhaps the largest and best appointed in the southern states.

Mr. W. H. Parkins gets the contract. About seventeen thousand dollars have been raised, but will take perhaps eighteen thousand to do the work. Mr. Parkins is to have the largest and best appointed in the southern states.

This will make Trinity the handsomest Methodist church in the south.

The building committee is composed of Mr. E. E. Rawson chairman, Mr. W. A. Gray, Judge W. R. Hammond, Mr. F. M. Coker and Mr. I. S. Mitchell.

It is thought that the church will be ready for services in four months.

At 10:30 the procession of nurses, twenty in number, wearing the regulation white cap and apron, and carrying cot beds, basins, towels, bandages and other necessary paraphernalia, entered the hall.

After a few general questions had been answered in regard to the qualifications of a good nurse, the attendant physician, etc., due to the attending physician, etc., the nurses proceeded at once to practical work.

Babies were discussed, and Nurse M. J. Williams and M. J. Washington dressed and banded a burned arm in a very satisfactory manner.

Nurse R. Jones quickly and efficiently dry-capped an impromptu patient, while Nurses Phinizy and McKinley showed equal skill in the application of a plaster of paris bandage.

Nurses Collins and Gordon resuscitated a drowned child. Massage and electricity were administered in a very safe manner by Nurse Cookley, who showed considerable skill in her manipulations.

Mrs. Clayton and West sponged a patient, changed her clothing and made her bed without removing her from her bed. The work was quickly and quietly done, as was that of administering the hot salt pack of Nurses Foster and Thompson.

A patient fainted and lost of blood from a wounded artery, was brought in the wound dressed, and the patient revived by the skillful treatment of Nurses C. Thompson and Dawson.

Nurses Mitchell and Collins prepared a patient for a surgical operation; took the pulse and administered the anesthetic upon the operating table in a creditable manner; and Nurses E. Williams and L. Lemons washed and dressed an infant, much to the amusement of the audience and disgust of the baby.

After the practical performance of this practical work the class was upon the work before them by their teacher and by several of the visitors present.

A prettily decorated table filled with food for the sick, prepared by the nurses, attracted attention.

The exercises were exceedingly interesting, and they were highly satisfactory to the visitors.

The physician of the Atlanta university publicly complimented the members of the class as "proficient."

One thing was noticeable in the examination. To the question, "What would you do in a critical case?" the answer invariably was, "Send for a doctor, and keep the patient alive until he comes."

Of this seminary, with its six hundred and fifty students, Charles Dudley Warner says in Harper's Weekly: "One of the best schools at anywhere, tried by several standards is Spelman seminary for colored women and girls at Atlanta, Georgia. The girls are the best in the country, and the training school for nurses, where instruction is both theoretical and practical. So far as I could judge from the examination, the theories were very well apprehended, and in some 'objectives,' the girls showed that they had attained skill in manipulations. As offering an employment, suited in every way to their nature and capacity, I saw nothing in the south more encouraging than this training school."

There will be interesting exhibits at the Atlanta Fair, to be opened at 7:30 tonight by the Rev. William Howell, D.D., of Boston, Mass., who will deliver an address.

The public is invited to attend all the exercises at the seminary.
